Az

L.H.B. INTER-SEC. Ltd. (9027 Győr, Szeszgyár u. 9.)

The Ltd. Which had only a few members at the time thanks to its unique dynamism in the whole county became one of the largest security firms in Győr-Moson-Sopron county. Today it employs nearly 300 people and it has about 850 clients in the country.

It does its job in accordance to law regulations, by rights, respecting security ethic rules.

Its foundation members are members of the management of the county Security Chamber.

OUR MISSION:

OFFERING QUALITY SERVICE- Quality Service

Which means:

- Client and service centered client-agent connection
- Permanent process-controlled professional direction
- Elaboration and regulation in the labour organization to the tiniest particulars through which our employees have to be aware of the professional, quality and moral expectations

Enforcement of the principal of ELASTICITY

- Immediate and effectual reaction for the appearing tasks during the everyday work
- The scene of solving the appearing task should be on the level, where it appears if it is possible
- Creating a changes-friendly environment. Changes have to inspire either the firm directors or the employees. Everyone has to do his / her job on higher and higher level through smaller objectives.

Strengthening steps for the REPUTATION OF THE FIRM:

- The targetmarket of the **LHB INTER-SEC. Ltd.** Can be built up around stable, exemplary firms representing high market value, promoted clients and VIP type programmes.
- Permanent, personal, management-level connection with the clients
- The owners strengthen the positive picture created about the firm by their personal exemplification, lifestyle connection systems and by actively taking role in public life
- It deserves professional and business appreciation among its partners and the local economical factors by its financial stableness.

WHAT CAN LHB INTER-SEC. Ltd. OFFER YOU?

- **COMPLEXITY**
Which appears on the fields of property-operation and fire protection as well. It means that we offer our service and create

our security conception by considering your ideas and special needs

- **MULTINATIONAL** firm and foreign property guard know-how insurance is the base of our service system. Our operation is the most up-to-date which service system you can rarely find in the Hungarian practice. On the contrary of other services we approach security service complexly and with system-attitude. We do such a practice which goes through in an advantage worthing. Forints in effectuation and quality.
- **QUALIFIED PROFICIENT STAFF** – we have our own inner training you can be sure that our security guards are trained, reliable can be controlled any time because of our controllers and quality requirements.
- **INDIVIDUALITY** Contrary other firms You have the directive authority above our security guards on your company seat. You can ask the service leaders even for giving reports every day who control their staff many times during the shift.
- **ELASTICITY, QUICKNESS** which gives the organizing power of our work. Our prepared staff can deal with the tasks immediately appearing during work. We read on the appearing questions as short time as possible by the help of our developed inner communication system.
- **CONSTANCY:** The base our business and partner connections is the long time way of thinking. It is proved by the permanent growing of the number of connected clients that we imagine and realize the cooperation system by the bilateral advantages according to profession, humanity and finance. We strictly keep it so you can be confident in our agreements.
